Minimbah Programs

Minimbah provides quality services to adults with disabilities, catering for service users who have intellectual disabilities and related support needs.

Minimbah seeks to provide every client with a quality program conducted in a safe and cheerful environment.

Minimbah places are available to eligible people who have funding in one of the following categories:

- **Community Participation**
- **Life Choices**
- **Active Ageing**
- **Post School Options**
- **Transition to Work.**

Very limited block funding vacancies are also available from time to time.

Applying for a Place at Minimbah

Target Group

Minimbah school leaver and adult services are available to people over the age of 18 years who:

- Have an intellectual disability as their primary disability.
- Need assistance with activities of daily living.
- Do not have chronic health problems or a degree of medical frailty which would require nursing care to safeguard their physical status.

In particular, challenging behaviours may be a barrier to admission, depending on the level of funding available and if there is a significant risk that the behaviour would be beyond staffing capacities to manage.

Admission of people who meet these criteria is subject to the applicant's relative need and available resources. Access to services is non-discriminatory.

Making an Application

Vacancies are generally available. Please apply as early as possible before a placement is required. The application for the placement of a school leaver can only be approved when ADHC has released the School Leaver Assessment information.

The Application Process

- Step 1: Make initial contact with the Development Coordinator by phone on 02 9887 2299.
- Step 2: Tour Minimbah by appointment to discuss the suitability.
- Step 3: Submit the completed application form.
- Step 4: Meeting to discuss application, with potential client in attendance.
- Step 5: Formal decision by Minimbah, whether or not a placement can be offered.

When a Placement is Offered

- Step 1: The necessary forms are completed and signed.
- Step 2: A transition plan is established with direct involvement of the client's primary carer.
- Step 3: The client attends for a 3 month Probationary period. Person Centred Plans and detailed care plans are developed during this time.
- Step 4: All going well, placement is then confirmed.
