

Unlocking opportunities

Our qualified and experienced staff work with participants, their families and carers to identify opportunities to work towards achieving personal goals—providing choice and control.

Saturday Care staff are all Working with Children compliant and have successfully undertaken National Police Checks.

Saturday Care provides valuable opportunities to develop some independence from families and carers and allowing parents to spend quality time with their other children or catching up on other responsibilities.

We are Minimbah

Minimbah has been providing quality care, support and advancement for intellectually disabled adults and children for over 35 years.

Minimbah strives to create an atmosphere of family in the context of a broader community. Minimbah's facilities are located in the leafy surrounds of Marsfield, Sydney.

As well as Saturday Care support, Minimbah provides day support programs, at our Marsfield centre, in the community and at client's homes 365 days a year 24/7, depending on the allocation of NDIS supports in participant Plans.

Minimbah is and always will be focused on you, as an individual with unique goals and needs. Minimbah staff work with each person in our safe and cheerful environment undertaking community engagement where appropriate and agreed.

Supporting participants with complex intellectual disabilities

Saturday Care

We are here to help

Our Saturday Care program operates every Saturday during the year. Hours of support are flexible. Support outside of these hours and on Sundays can also be organised.

Saturday Care caters to young school aged children who have moderate to complex intellectual disabilities. Young people with physical as well as intellectual disabilities are welcome in all of our programs. Minimbah operates a fleet of specially modified vehicles to ensure inclusion.

Help with school leavers

Saturday care can also assist young people with the transition from school to adult life.

Minimbah offers a range of supports and activities for upcoming school leavers to further develop their life skills and independence. These supports also assist in the transition from school supports to a broader range of supports in different environments.

Why Minimbah?

Minimbah strives to create an atmosphere of family in the context of a broader community. We are:

- Person centred
- Experienced in supporting and understanding persons with complex intellectual and physical disability needs
- Qualified, experienced staff who are super friendly
- Focused on you
- Innovative
- Fun
- Listening
- Flexible.

Minimbah encourages family participation
